Detailed narrative

Applicants shall submit with the application form a detailed narrative description of the intended use of the qualified investment and its anticipated benefits with any supporting documentation, including data. Upon request by COIN an applicant shall provide any other information reasonably necessary to evaluate an application.

When to Apply

The CDFI Tax Credit program statute requires that the entire amount of the investment must be received by the CDFI before an application may be submitted to COIN. At least ninety (90) days before applications are due, COIN shall publish on its website the final date when applications will be accepted. Not later than ninety (90) days after the due date for receiving applications, COIN shall issue all certificates to applicants that COIN intends to issue for that cycle. Upon good cause and sufficient notice, COIN may modify these periods. COIN may reject an application received after a deadline for filing applications. Applicants shall retain proof of timely application submittal. An applicant may not change or supplement an application after an application deadline without COIN's prior consent, which may only be granted for good cause. If the investments are less than \$50 million in one calendar year, the difference may be carried over to future years and added to the aggregate amount authorized for those years.

Note: COIN will have a short notice (less than 90 days) on its first tax credit cycle due to newly implemented regulations.

Terms and Definitions

All parties should be aware of the following information, which must be included in the application.

1. Duration:

During the 60-month period, the CDFI shall have full use and control of the proceeds of the entire amount of the investment as well as any earnings on the investment for its community development purposes.

2. Tax Recapture:

Sections 17053.57 and 23657 require the CDFI to notify COIN and the Franchise Tax Board of the reduction, and Section 12209 requires the CDFI to notify COIN and the Board of Equalization.

4. Monitoring:

Qualified investments will be monitored for consistency with the COIN mission statement and COIN CDFI tax credit guidelines and evaluation criteria, including the provision of social benefit to underserved communities during the minimum 60 month term.
